

**Thermografie
Centrum**

June 30th – July 3rd 2016

4 day Equine Thermography Course

3 day Thermography + 1 day Parts of the Body (about anatomy / pathology / treatment options)

Course dates: June 30th – July 3rd 2016

Course location: Wios Gebouw, Lohuizerweg 18, 8162EX Epe

Course fee: 1375 euro

For veterinarians without Parts of the Body: 1035 euro.

Only Parts of the Body: 350 euro.

Make your registration via the website: www.thermografie-centrum.nl

Lecturers

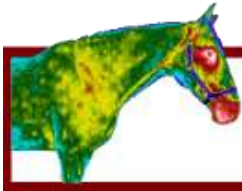

Dr. Tracy A. Turner – DVM (USA)

Tracy Turner attended veterinary school at Colorado State University, did an internship at the University of Georgia, and completed his surgical residency and M.S. at Purdue University. In 1986, Dr. Turner became a Diplomate, American College of Veterinary Surgeons. He has served on staff as associate professor at the University of Illinois and also at the University of Florida. Dr. Turner was also a professor at the University of Minnesota where he served as Chief of Large Animal Surgery for three years. His special areas of interest are equine lameness, navicular disease, orthopaedics, podiatry, and back issues. In 2004, Dr. Turner was one of 3 veterinarians inducted into the International Equine Veterinarians Hall of Fame. Dr. Turner works more than 30 years with Equine thermography. He is board certified in Thermology.

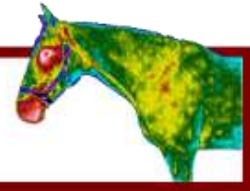

Astrid Bos – DVM (NL)

Astrid graduated as a veterinarian at the University of Utrecht in 1997. After graduation she did an internship at the Equine clinic Emmeloord. From the contacts of the Equine clinic Emmeloord with various European horse clinics, she then can gain experience in England Beaufort Cottage Newmarket Equine Clinic in Germany Tierklinik Telgte in Belgium Dierenkliniek the Bosdreef Moerbeke and the Netherlands Veterinair Centrum Someren. In 1999 she returned to the Equine clinic Emmeloord where she concentrated on the ultrasound imaging of tendons, joints and ligaments and also on the reproduction. Her special areas of interests are equine back issues, lameness, spine related problems, ultrasound tendons and joints. She did also the study "focus on Equine Spine" and the course program ISELP.

Centrum**

Parts of the Body

The Distal forelimb: fetlock and tendons

-Anatomy and related pathology-

Program

Thursday June 30th, 2016 (location: WIOS gebouw Lohuizerweg 18, 8162EX Epe)

Lecturer: Astrid Bos DVM

Language: English

9:00AM – 9:30AM Welcome (with coffee and tea)

Topics to be discussed

Theory

Anatomy of the fetlock and tendons

Clinical Examination

Diagnostic Imaging of the fetlock and tendons

Pathology of the fetlock and tendons

- Arthritis / arthrose
- OCD
- Chip fractures
- Collateral ligament injuries
- Intersesamoidean ligament desmitis

Tendon lesions:

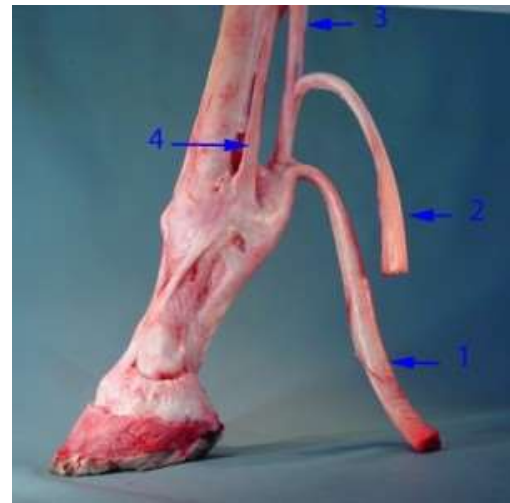

- Superficial Digital Flexor Tendon
- Deep Digital Flexor Tendon
- Inferior Check ligament

Suspensory problems: Proximal suspensory desmitis

Suspensory body lesions

Suspensory branch lesions

Tenosynovitis / Annular ligament syndrome tendon lesions

Fractures:

- Sesamoid bone
- Proximal phalanx
- Metacarpus
- Splint bone

Treatment options

From discussed topics

Practical and Interactive session

Dissection of the fetlock and tendons

Anatomy of the horse with focus on the fetlock and tendons

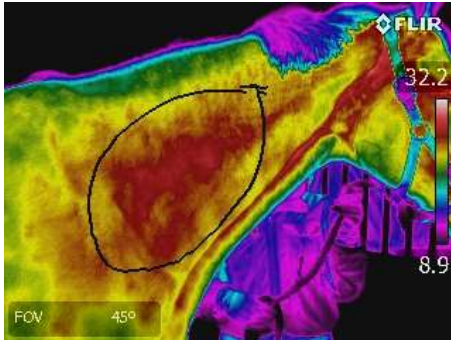

5:00PM – Adjourn course program

Program Equine Thermography July 1 – 3, 2016

Lecturers: Dr. Tracy Turner

Language: English

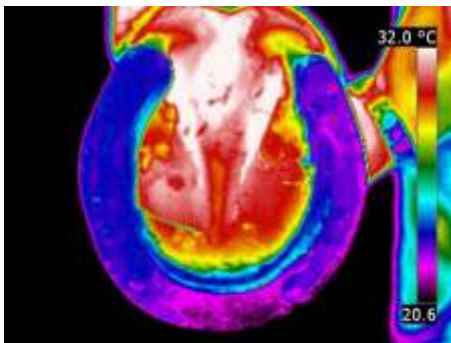

Friday July 1st 2016 (location: WIOS gebouw Lohuizerweg 18, 8162EX Epe)
Registration: 9:00AM – 9:30AM (with coffee/tea)

Morning Session

- 9:30AM – 09:45AM Words of welcome
- 9:45AM – 10:45AM History of Thermal Imaging and Instrumentation in Veterinary Medicine.
- 10:45AM – 11:15AM Break
- 11:15AM – 12:15PM Obtaining thermal images on equine patients, techniques and safety.
- 12:15PM – 1:45PM Lunch

Afternoon Session

- 1:45PM – 2:30PM Normal Equine Thermographic Examination.
- 2:30PM – 3:15PM Artifacts in the Thermographic Exam.
- 3:15PM – 3:45PM Break
- 3:45PM – 4:30PM Thermography of the Back including saddle fit.

Saturday July 2nd (location: WIOS gebouw Lohuizerweg 18, 8162EX Epe.)

Morning Session

- 9:00AM – 9:30AM Welcome (with coffee and tea)
- 9:30AM – 10:45AM Thermography of Topical Therapy.
- 10:45AM – 11:15AM Break
- 11:15AM – 12:00PM Case studies
- 12:00PM – 1:30PM Lunch

Afternoon Session

- 1:30PM – 3:00PM Thermography of the Equine Limbs.
- 3:00PM – 3:30PM Break
- 3:30PM – 4:30PM Thermography of the Foot.

Sunday July 3rd (location: WIOS gebouw Lohuizerweg 18, 8162EX Epe.)

Morning Session

- 9:00AM – 9:30AM Welcome (with coffee and tea)
- 9:30AM – 10:45AM Thermography and Performance Wellness.
- 10:45AM – 11:15AM Break
- 11:15AM – 12:15PM Thermography of muscles.
- 12:15PM – 1:45PM Lunch

Afternoon Session

- 1:45PM – 3:00PM Writing effective reports.
- 3:00PM – 3:30PM Break
- 3:30PM – 4:30PM Thermal Imaging, Role in Veterinary Medicine Today.
